NOTES

- Turnbuckle: chrome-plated brass.
- The functionality is ensured only by using circular wire strand ropes of the 10820 and 10830 series.
- The screw-in depth of the threads must be at least 1.5 times the thread diameter.
- (+) = extend (loosen)
- (-) = shorten (tighten)
- The marking on the shaft is to identify the left-hand thread.
- The user is responsible for independently verifying the correct installation and ensuring the appropriate rope diameter. Please refer to the instructions in the installation manual.
