

WEBNET-FRAME INVISS-R

30924-0026-50

TECHNICAL SPECIFICATION

Frames type Invis-R by Jakob Rope Systems, stainless steel AISI 316 (1.4401). 1 size, article no. 30924-0026-50.

SPECIFICATIONS

Brand	Jakob Rope Systems
Product no.	30924-0026-50
Category	Webnet, Frames & Green Facades
Material	Stainless steel 316
Surface	ground, grain 320

NOTES

- The frames are manufactured according to individual dimensions.
- Frame type Invis-R is available with Webnet of the rope diameters of 1,5 and 2 mm. The mesh size of the net is freely selectable. Special shapes with specific geometries require a prior feasibility check.
- The net is attached to the frame within the profile groove, without wrapping around the tube. The specification of the frame, net, and dimension is done according to project-specific requirements.
- Technical requirements are to be defined by the responsible engineers. The maximum logistical frame size is 1500 x 2500 mm.
- Please refer to additional information in the catalog 'Frames F2technical' and the datasheet 'Load bearing capacity' in the download area.
